I enclose herewith the correspondence ending with endorsement No.S 75/355 dated 26-4-1957 from the Mamlatdar of Siddapur and have to state as follows:-

In this case, the applicants, Shri Timman Hanuma and 3 others had unauthorisedly constructed their residential houses in Betta S.No. 99/B 1 of Akkunji village in Siddapur taluka. The betta S.No. in question has been assigned to the bagayat S.Nos.72,73, 75, 76, 77, 78,82,81,83,86, 87 and 88 of the same village (page 117) for supply of green manure. As the encroachments are unauthorised ones, the same was ordered to be removed by the Mamlatdar of Siddapur by serving eviction notices under section 202 Land Revenue Code(pages 21 to 51). Against this order of the Mamlatdar, the applicants(encroachers) have approached Government with the present representation (page 147).

It is reported by the Mamlatdar of Siddapur that it is a fact that the applicants will be put to substantial loss if the houses are ordered to be demolished and that, therefore, the encroachments may be regularised by grant.

p.t.o.

There is no provision in Government Resolution, Agriculture and Forests Department No.FDM 1054 dated 7-3-1955 for regularising the encroachments in betta lands. Hence, the Collector cannot grant the betta land for such non-agricultural purposes on disforestment.

Sketches showing the details of the area encroached upon by each of the encroachers are enclosed at pages 109 to 115.

In these circumstances, Government may please be moved to accord sanction for the disforestment of an area of 20 gunthas in Betta S.No.99/B1 of Akkunji village in Siddapur taluka for the purpose of granting plot of 5 gunthas to each of the encroachers for residential purpose subject to the following terms and conditions:

1. The tenure shall be new and impartible
2. The grantees shall pay the penal occupancy price at Rs.5/- per guntha.
3. The grantees shall pay the usual measurement expenses.
4. The grantees shall pay regularly the non-agricultural assessment to be fixed by the Prant Officer under rule 81(2) of the Land Revenue Rules.
5. The grantees shall preserve the tree growth in the area till they are disposed of by the Forest Department.
6. The grantees shall respect and reserve the public rights, if any, in the land.
7. The grantees shall execute the kabulayat in Form 'H' appended to Land Revenue Rules embodying the above mentioned additional conditions.
8. For breach of any of the above mentioned conditions, the grant shall be liable for cancellation at the discretion of the Collector.

Sub:- Regularisation of encroachments in Betta S.No. 90/B/1 of Akkunji village in Siddapur Taluka.

Ref:- Your No. O/C.3592 of 29-7-1957.

2. As per Betta Rules the Betta Waniwatdar can only be permitted to construct a house in his Waniwati Betta.

3. In the above case, Shri. Gidda Dyava and three others have encroached upon in Betta area unauthorisedly and constructed houses. These are deliberate encroachments and if such sort of deliberate encroachments are regularised, it will give impetus to others to resort to such deliberate encroachments in the betta areas as also the forests ~~are~~ on one plea or the other.

4. From the correspondence, it appears that the encroachers are not the Waniwatdars of Betta in question. This may be got ascertained from the Mamlatdar concerned ~~xx~~ if necessary.

5. If the encroachers are the Waniwatdars of the betta, their case may be reviewed under provisions of Betta Rules. If however the encroachers are not the Waniwatdars, regularisation under the Betta Rules is not permissible.

6. From the application dated 5-1-1957 addressed to the Hon'ble Minister Agricultural and Forests Dept. Bangalore, it appears ~~it appears~~ that the applicants have unauthorisedly constructed the tenemants in the betta area without permission. From the Mamlatdar Siddapur's report it appears the applicants have invested fairly large amount for the structures and order for evictment and removal of hutments would operate harshly on the applicants, who are said to be poor and houseless.

7. If ~~Rank~~ at all a lenient view is to be taken in this case there is no other go but to disforest the lands occupied by the huts, provided the betta waniwatdars have no objection and the Waniwatdars agree to not to ask for additional forest area in lieu of the 20 guntas occupied by the hutments.

8. The Conservator of Forests, Belgaum Circle, Belgaum may be consulted before submitting proposals for disforestment of 20 guntas in question.

9. The correspondence received under your above No. is enclosed.

Subject: Regularisation of encroachments in Betta S.No.99-B.1 of Akkunji village in Siddapur taluka

Reference: Divisional Commissioner's letter No.R.D./LND.SR-13 dated 24-7-1957

In enclosing herewith the correspondence resting with letter No.G/11/5779 of 1957-58 dated 2-8-1957 from the Divisional Forest Officer, E.D.,Kanara, I have to state as under:-

2. The Divisional Forest Officer, E.D.,Kanara, who was consulted in the matter has since submitted his report (page 161). He has stated therein that if at all a lenient view is to be taken in this case, there is no other alternative but to disforest the land occupied by the huts.

From a perusal of the papers, it is seen that the Kabjedars of the bagayat S.Nos.(to which the betta land in question is assigned) are not willing to give their consent to part with the area encroached by the applicants (kindly vide Village Officer's report at page 108). But, it may be noted that Bettas are protected forests, Betta holders being allowed only to exercise some privileges such as taking of green manure to the spice gardens etc. from the Betta lands as enumerated in Rule

P.T.O

(15)

42 of the Betta Rules (Bombay Forest Manual Volume II). Thus, the proprietory right over the betta lands vests only in Government and as such Government is at liberty to resume the betta land whenever required and the kabjedars of the bagayat lands are free to apply for additional betta in lieu of the betta land which is thus resumed.

Here, however, the Divisional Forest Officer while recommending the grant of the encroached area, is imposing a condition that the betta wahivatdars should not ask for extra betta area to cover up the shortage. This opinion of the Divisional Forest Officer does not, however, seem to be correct as the encroachers being themselves not Betta Wahivatdars, the Betta Wahivatdars will have to be given additional betta land in case they apply for the same. It may be noted in the context that the tenants of the kabjedars of the bagayat lands are willing to give up the encroached area for its regularisation and grant to the encroachers(kindly vide page 127).

Under these circumstances and as the encroachers will be put to substantial loss if their houses are ordered to be demolished, the encroachments may be regularised by granting the area after disforestment as already reported under this office letter No.O/C 3593 dated 6/10-5-1957 (page 153).

No.22/ 9288 of 1957-58.
Belgaum, 5 October, 1957.

Forwarded with compliments to the Divisional Commissioner, Belgaum.

2. From the D.F.O's report at page 161 it is clear that the encroachment in this case is a deliberate one. If such sort of deliberate encroachments are regularised by way of permanent grants on the plea that the encroachers will be put to substantial loss if they are evicted now, it will give impetus to others to resort to such deliberate encroachments on forest lands which is undesirable as a matter of policy. The Government of Bombay in their Resolution No.FDM-1954 of 7.3.55, regarding regularisation of encroachments on forest lands in B.S., have clarified that the concessions of regularisation of encroachments on forest lands are to be limited to cases of proved bonafides and necessity and that nothing should be done which would put a premium on deliberate encroachments. In view of this, the matter may please be left to Government for deciding the case and informing its policy as to how the cases of the type should be dealt with.

Subject:- Regularisation of encroachments in betta area.

Sir,

1) Reference: Government Letter Rev.Dept. No.RD.3/LEA/57 dated 11-2-1957.

2) In returning herewith report No.O/C 3593 dated 10-5-1957 of the Collector of North Kanara and the papers of the case received from Government Agriculture and Forest Department under endorsement No.AFD-197 DAR.57 dated 4-6-1957, I have to state that the authorities of the Forest Department have been consulted in the matter of regularisation of encroachments recommended by the Collector.

3) The Conservator of Forests, Belgaum Circle is not in favour of the regularisation on the ground that it will encourage similar encroachments. Vide his endorsement No. 22/9288, dated 5-10-1957.

4) However, in view of the fact that the removal of the residential buildings unauthorisedly constructed in Betta S.No. 99/B-1 of Akkunji by the four applicants will cause substantial loss to them, the proposal of the Collector to grant a plot of five gunthas to each of the four encroachers -- (applicants) for residential purpose subject to the terms and conditions proposed in the Collector's report at pages 153-154 is recommended.

5) Government may be moved to sanction the disforestment of the area of 20 gunthas in Betta S.No. 99/B-1 of Akkunji and its grant thereafter to the four encroachers.

Yours faithfully.
